

DHM410_400V // thicknesser

highlights

- fine-ripped thicknessing table for low friction
- variable infeed speed (5m/min - 7m/min)
- table ensuring stability under duty, can be adjusted via a large handwheel
- digital indication of thicknessing table allows an easy chip removal adjustment
- thicknessing outfeed roller is coated with a special rubber
- powerful and long-wearing chain driven in- and outfeed roller drive
- ergonomic and modern design as well as state of the art end finishing of the entire machine

included in delivery: resharpenable planer knives, counter block

1.799,00

DHM410_400V // thicknesser

technical details

motor power s1 in W	2200	motor power s6 in W	4000
voltage	400V	cutting depth in mm	3
shaft diameter in mm	70	shaft speed in min-1	5000
gross weight in kg	220	net weight in kg	191
packaging length in mm	810	packaging width in mm	740
packaging height in mm	1.160	EAN code	9120039905228
